

## Dump Trailer Power Unit

**9504648**

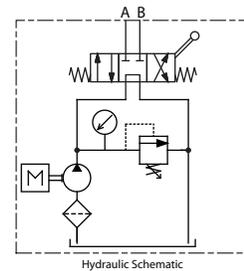

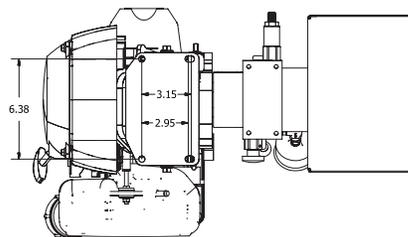

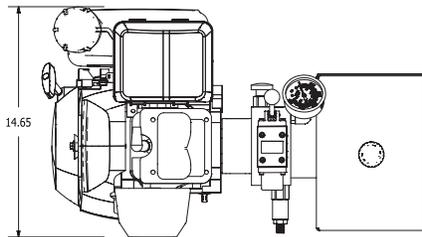

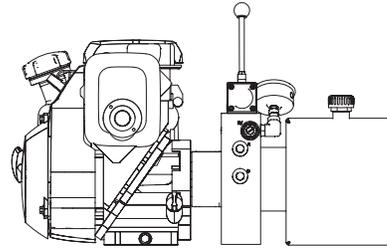

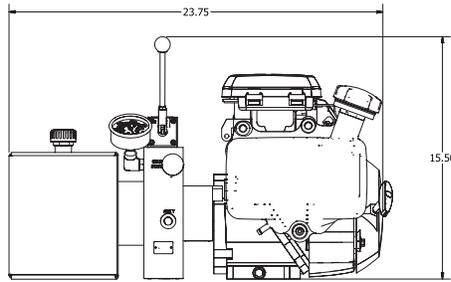

This dump trailer gas engine powered hydraulic power unit is designed for use on a dump trailer. It takes the place of what is normally a 12 VDC power unit. This professional grade power unit is fully tested before shipment. Simply fill the hydraulic tank, the gas tank, and the engine oil and you're off and running!

### Specifications

- 4.6 HP Honda Gas Engine, Recoil Start (Pull Start)
- High Efficiency Pressure-Balanced Aluminum Gear Pump
- Spring To Center Directional Control Valve
- Adjustable Pressure Relief Valve (Preset at 3200 PSI)
- 2.25 Gallon Usable Tank, 12 Gauge Steel, Powder Coated Black
- 0-5000 PSI Stainless Steel Liquid Filled Pressure Gauge
- 3/8" NPTF Filler/Breather
- 100 Mesh Suction Strainer
- Use 5/16" Bolts on Gas Engine For Mounting
- Unit Fully Tested Before Shipment, Engine Oil Shipped with Unit
- Recommend Using Anti-Wear ISO 46 Hydraulic Oil or ATF
- Replacement Components Available from Stock
- Unit Weighs 56 lbs. Dry

Stock Number	HP	GPM	PSI	Pressure Gauge	Tank Capacity	A & B Ports	Dimensions L x W x H	Ship Wt.
9504648	4.6	2	3200	0-5000 PSI	2.25 Gallons	#6 SAE O-Ring	23.75" x 14.65" x 15.5"	56

## Dual Valve Add-On Kit

**9504662**

Do more with your dump trailer gas engine power unit! This kit allows the user to turn a single valve dump trailer power unit into a dual valve dump trailer power unit. Typically, this second cylinder circuit valve is used for a hydraulic jack on the trailer tongue.

Stock Number	A & B Ports	Dimensions L x W x H	Ship Wt.
9504662	#6 SAE O-Ring	23.75" x 14.65" x 17.5"	7
